

BOARD OF DIRECTORS

Nicole Johnson (Division 2) – President, Randy Mendosa (Division 3) – Vice-President, Blaine Maynor (Division 1) – Director, Elena David (Division 4) – Director, David Rosen (Division 5) – Director

Regular Board Meeting February 9, 2021 5:30 p.m.

Location: Remote Via Zoom

In order to meet the State required Shelter in Place mandate, this Regular Board Meeting of the Board of Directors for the Arcata Fire Protection District will be held via remote access using Zoom.

You may join from a smart device or computer by copy and pasting this link into your web browser: https://us02web.zoom.us/j/551748203

Meeting ID: 551 748 203

AGENDA

- 1) CALL TO ORDER
- 2) PLEDGE OF ALLEGIANCE Suspended during Shelter in Place
- 3) ATTENDANCE AND DETERMINATION OF QUORUM
- 4) APPROVAL OF AGENDA

5) PUBLIC COMMENT

Any person may address the District Board on any subject pertaining to District business, which is not listed on the agenda. This comment is provided by the Ralph M Brown Open Meeting Act (Government Code § 54950 et seq.) and may be limited to three (3) minutes for any person addressing the Board. Any request that requires Board action may be set by the Board for a future agenda or referred to staff.

6) CONSENT CALENDAR

Consent calendar items are considered routine and are acted upon by the Board with a single action. Members of the audience wishing to provide public input may request that the Board remove the item from the Consent Calendar. Comments may be limited to three (3) minutes.

12) CLOSED SESSIONS

At any time during the regular session, the Board may adjourn to closed session to consider existing or anticipated litigation, liability claims, real property negotiations, license and permit determinations, threats to security, public employee appointments, personnel matters, evaluations and discipline, labor negotiations, or to discuss with legal counsel matters within the attorney-client privilege.

There is no closed session scheduled.

13) ADJOURNMENT

Next Regular Board Meeting is scheduled for March 9, 2021 at 5:30 pm.

The Arcata Fire Protection District ("District"), in compliance with the Americans with Disabilities Act ("ADA"), individuals who require special accommodations to access, attend and/or participate in District board meetings due to a disability, shall make their request by calling (707)825-2000, no later than 48 hours in advance of the scheduled meeting time. In compliance with Government Code Section 54957.5, non-exempt writings that are distributed to a majority or all of the Board in advance of a meeting may be viewed at 2149 Central Avenue, McKinleyville, California or at the scheduled meeting. In addition, if you would like a copy of any record related to an item on the agenda, please contact the Board Secretary, at (707) 825-2000.

The meeting agenda is posted at least 72 hours in advance of regular scheduled meetings, at the following locations:

- District's Headquarters' Building, 2149 Central Avenue, McKinleyville, CA 95519
- Arcata Downtown Station, 631 9th Street, Arcata, CA 95521
- Mad River Station, 3235 Janes Road, Arcata, CA 95521
- The Arcata Fire Protection District website: www.arcatafire.org

MINUTES

Regular Board Meeting January 12, 2021 5:30 p.m.

Location: Remote Via Zoom

Board of Directors

Nicole Johnson (Division 2) - President, Randy Mendosa (Division 3) - Vice-President, Blaine Maynor (Division 1) - Director, Elena David (Division 4) - Director David Rosen (Division 5) - Director

1. CALL TO ORDER

The regular session of the Board of Directors for the Arcata Fire District was called to order by President Nicole Johnson at 5:30 pm.

2. PLEDGE OF ALLEGIANCE

The Pledge of Allegiance has been suspended during Shelter in Place.

3. ATTENDANCE AND DETERMINATION OF A QUORUM

The meeting continued with a quorum and the following were present remotely via zoom: President Nicole Johnson, Vice President Randy Mendosa, Director Elena David, Director Blaine Maynor and Director David Rosen.

Additional District administrative staff included Fire Chief Justin McDonald, Battalion Chief Sean Campbell and Board Secretary Becky Schuette.

4. APPROVAL OF AGENDA

It was moved to approve the agenda.

Motion: David: Second: Mendosa

Roll Call: Ayes; David, Maynor, Mendosa, Rosen and Johnson.

Motion Carries

5. PUBLIC COMMENT

There were no public comments.

6. CONSENT CALENDAR

- 6.1 Approval of Minutes from December 8, 2020 Regular Meeting
- **6.2** December 2020 Finance Report
- **6.3** Adoption of the Mandated Covid 19 Prevention Program
- **6.4** Adoption of Resolution 21-231 with Exhibit A, Approving Revisions to the Master Salary Schedule Adopted August 16, 2016
- **6.5** Adoption of Resolution 21-232 with Exhibits A & B, Certifying the Results of the General Election Held November 3, 2020

There were no comments from the Board or members of the public.

2149 CENTRAL AVE, MCKINLEYVILLE CA 95519 | (707) 825-2000 | WWW.ARCATAFIRE.ORG WE EXIST TO PROTECT THE LIVES, ENVIRONMENT AND PROPERTY OF THE COMMUNITIES WE SERVE.

It was moved to approve the consent calendar.

Motion: Rosen; Second: Maynor

Roll Call: Ayes; David, Maynor, Mendosa, Rosen and Johnson.

Motion Carries

7. PUBLIC HEARING

There was no public hearing.

8. OLD BUSINESS

8.1 Arcata Fire District Racial Equity Assessment Presentation by Stepping Stone Diversity Consulting: The presenter was not logged in at the time the item was called. President Johnson moved onto New Business advising it would resume when Ms. Meiris joined the meeting.

9. NEW BUSINESS

- **9.1 Consideration of Petition for Adjustment of Fire Assessment Fees:** The Petitioner was not on the Zoom call and President Johnson advised that we would wait and return to this item later in the meeting, in the event he joined the meeting late.
- **9.2 Election of New Board Officers for the Remainder of the 2021 Year:** Chief McDonald reviewed his staff note and advised that President Johnson did offer to stay on as President, at the Board's pleasure.

There was a brief discussion about the length of the terms and the Board Policy Manual, which is still requiring updates.

There were no further comments from the Board or the public.

It was moved that Nicole Johnson be nominated for President for another year and Director Rosen as Vice President, which was seconded by Director Maynor.

Director Rosen requested discussion on the Vice Presidency as he was not going to serve in the position.

The initial motion was withdrawn and it was decided that each position would be nominated and voted upon separately.

It was moved to nominate Nicole Johnson to return as President for another term.

Motion: Mendosa; Second: Maynor

Roll Call: Ayes; David, Maynor, Mendosa, Rosen and Johnson.

Motion Carries

There was brief Board discussion on the Vice President position with no public comments.

It was moved to nominate Randy Mendosa as Vice President.

Motion: Rosen; Second: Maynor

Roll Call: Ayes; David, Maynor, Mendosa, Rosen and Johnson.

Motion Carries

Melissa from Stepping Stone Diversity joined the meeting at 5:45 pm and President Johnson returned to item 8.1 in Old Business.

8. OLD BUSINESS

8.1 Arcata Fire District Racial Equity Assessment Presentation by Stepping Stone Diversity Consulting: Chief McDonald briefly reviewed his staff note and introduced Melissa Meiris who presented their assessment findings to the Board.

Director Mendosa asked how the survey was conducted and he was advised that it was a confidential, on-line Google survey. He went on to discuss his experiences and why he believed this topic to be important. He also asked if the District had a translator accessible to the staff on the engines if it were needed. Chief McDonald advised that we currently do not and would likely have to reach out to our dispatch. Director Mendosa further queried Ms. Meiris about the data, its collection and what is important to collect and she provided several examples. Following further comments from Director Mendosa, he advised that he is in favor of the formation of racial equity committee that he would volunteer to be a part of it. He also added suggestions about getting public speakers during meetings to discuss this topic.

There were no further comments from the Board and no public comments or questions.

Chief McDonald informed the Board that he would reach out to other neighboring agencies and groups to seek out training opportunities and collaborative efforts to reduce costs.

Director Mendosa stated that he wanted to make a motion to form a racial equity committee, to which the Board Clerk addressed a point of order. She pointed out that the formation of a committee was not part of the agenda and therefore could not be acted upon tonight, but would need to be placed on a future agenda for discussion and a vote. Director Mendosa indicated his belief that the possibility of forming the committee was part of the staff report and Melissa's information and that he believed it was not a violation of the Brown Act. He made his motion and the Clerk's point of order was noted.

It was moved to establish a racial equity committee so that we can start to work on this issue.

Motion: Mendosa; Second: Maynor

Roll Call: Ayes; Maynor, Mendosa, Rosen and Johnson. Abstain; David

Motion Carries

Director Mendosa then advised that we can agendize a staff report as to how to set up the equity committee, not set it up tonight. He would like it on a future board meeting as to how to set it up.

President Johnson returned to New Business once again.

9.3 Consider Accepting the Fiscal Year 2019-20 Financial Audit Report: Chief McDonald reviewed his staff note and advised that he had also requested Director Rosen review the audit when it was provided to the District as an initial draft. Director Rosen had no material problems or issues with the report.

There were no comments from the Board or the public.

It was moved to approve and accept the Fiscal Year 2019-20 financial audit.

Motion: Rosen; Second: David

Roll Call: Ayes; David, Maynor, Mendosa, Rosen and Johnson.

Motion Carries

9.4 Consideration of a Safety Committee Assignment for a Board Director: Chief McDonald made his report and queried the Board for a volunteer. Director Maynor requested the Chief indicate what the assignment would entail and the Chief explained.

Director Maynor volunteered for the committee.

There were no public comments and with a volunteer, no further action at this time.

At 6:38 pm, President Johnson called item 9.1 and requested the Chief review his staff note. The Petitioner did not join the Zoom meeting.

9.1 Consideration of Petition for Adjustment of Fire Assessment Fees: Chief McDonald reviewed his staff note aloud in its entirety.

President Johnson called on each Board member for their questions or comments.

Director David had none. Director Mendosa commented that he had sought out the property on Google and affirmation of a second mailbox and dwelling unit. He advised that this was a representation of a single family residence with the additional dwelling unit.

There were no comments from Directors Maynor or Rosen.

The Petitioner was not present for comments and there were no comments from the public.

It was moved to deny the petition as the property use does not meet the definition of a single family residence.

Motion: Rosen; Second: Mendosa

Roll Call: Ayes; David, Maynor, Mendosa, Rosen and Johnson.

Motion Carries

10. CORRESPONDENCE

Correspondence was reviewed aloud by President Johnson.

11. MONTHLY ACTIVITY REPORTS

11.1 Chiefs Report - Chief McDonald reviewed his staff report

11.2 Committee Reports –

- Ad Hoc Committee (Rosen, Maynor) on Citizen Oversight of Measure F Director Rosen reported the two had met and developed a draft that will be presented at the next Board meeting for discussion and perhaps adoption.
- **11.3 Director Matters** Director Mendosa congratulated and thanked the four staff members who had given notice to move on to new agencies; Firefighters Sakkis and Gordinier and Captains Walker and Finen. President Johnson also wished them luck.

11.4 Bargaining Group & Association Reports

<u>Local 4981</u> – Vice President Scott Gordinier commented on the Motel 6 fire last month. As he has provided notice to leave Arcata Fire, Scott encouraged the Board to focus on retention of the career staff remaining.

<u>Arcata Volunteer Firefighters Association (AVFA)</u> – President Roy Willis reviewed the activity report. He did add that it looks like the VLU L8291 will be placed back in service this Friday and will need to be restocked. Friends of Arcata Fire District is being formed from the remaining and interested Friends of Measure F group.

12. CLOSED SESSION

There was no closed session.

13. ADJOURNMENT

Motion to adjourn.

Motion: Mendosa; Second: David

Meeting adjourned by President Johnson at 6:59pm.

The next Regular Meeting is scheduled for February 9, 2021 at 5:30 pm.

Respectfully submitted,

Becky Schuette Clerk of the Board

CONSENT Item 6.3

Date: February 9, 2021

To: Board of Directors, Arcata Fire District

From: Justin McDonald, Fire Chief

Subject: Adoption of Revised COVID Prevention Program

Discussion

We have received notice from the District legal advisors that the start has changed/updated the required elements of the District's COVID Prevention Program (CPP)

Attachment 1 is the revised CPP with the additions listed in blue and the deletions in red strikeout. The justification for the listed changes are as follows:

Page 2 - Section II Scope

Title 8 Section 3205, subdivision (a) of the California Code of Regulations provides that the section applies to all employees and places of employment, with the following limited exceptions: (1) Places of employment with one employee who does not have contact with other persons; (2) Employees working from home; and (3) Employees covered by the Cal/OSHA regulation related to the ATD. (See Title 8 Section 5199.) Among others, employees who work in health care facilities and operations are covered by the ATD regulation.

On January 8, 2021, Cal/OSHA clarified that "[i]n a facility or operation that is within the scope of [S]ection 5199, employees with occupational exposure to aerosol transmissible diseases (ATDs), as defined in [S]ection 5199, are covered by the requirements of [S]ection 5199, and not [Section 3205]. This is true even when an employee who has occupational exposure performs tasks that do not include exposure to ATDs." The guidance does not discuss "services", including those that certain firefighters and police officers may provide. As a result, employers should only exclude health care providers, firefighters, and police officers when such employees work at a facility or operation, such as a hospital, that is subject to Section 5199.

Cal/OSHA provides that employees who are vaccinated for COVID-19 remain subject to the regulatory requirements under Section 3205.

Page 19 – Section IV, K.5 Allowance by Cal/OSHA for an Employee to Return to Work In updated guidance provided on January 8, 2021, Cal/OSHA clarified how and under what circumstances an employer could request waiver to allow for employees to return to work without satisfying the return to work criteria. The updated guidance as to what information an employer must provide to Cal/OSHA in order to request a waiver is provided in the substantive section above.

Recommendation

Staff recommends the Board approve the revised COVID Prevention Program as part of the consent calendar.

I. PURPOSE:

The purpose of the Arcata Fire District's (District) COVID-19 Prevention Program ("CPP") is to provide employees a healthy and safe workplace as required under the California Occupational Safety and Health Act (Labor Code §§ 6300, *et seq.*) and associated regulations (8 C.C.R. § 3205).

Nothing in this CPP precludes the District from complying with federal, state, or local laws or guidance that recommends or requires measures that are more prescriptive and/or restrictive than are provided herein.

II. SCOPE

This CPP applies to all District employees and volunteers except for District employees who are teleworking.

Unless one of the exceptions applies, this CPP applies to all District employees and volunteers, including those who are vaccinated.

The following employees are exempted from coverage under the CPP:

- (1) District employees who are teleworking; or
- (2) District employees who are working in a facility or operation that subject to the Cal/OSHA regulation concerning Aerosol Transmissible Diseases ("ATD") regulation.

Furthermore, certain employees who perform services covered by the ATD regulation may be exempted during the actual performance of such services.

III. DEFINITIONS:

For the purposes of the CPP, the following definitions shall apply:

"COVID-19" means coronavirus disease, an infectious disease caused by the severe acute respiratory syndrome coronavirus 2 (SARS-CoV-2).

"COVID-19 case" means a person who either:

- (1) Has a positive "COVID-19 test" as defined in this section;
- (2) Is subject to COVID-19-related order to isolate issued by a local or state health official; or
- (3) Has died due to COVID-19, in the determination of a local health department or per inclusion in the COVID-19 statistics of a county. A person is no longer a "COVID-19 case" when a licensed health care professional determines that the person does not have COVID-19, in accordance with recommendations made by the California Department of Public Health (CDPH) or the local health department pursuant to authority granted under the Health and Safety Code or title 17, California Code of Regulations to CDPH or the local health department.

"Close contact COVID-19 exposure" means being within six (6) feet of a COVID-19 case for a cumulative total of 15 minutes or greater in any 24-hour period within or overlapping with the "high-risk exposure period" as defined here. This definition applies regardless of the use of face coverings.

"COVID-19 hazard" means exposure to potentially infectious material that may contain SARS-CoV-2, the virus that causes COVID-19. Potentially infectious materials include airborne droplets, small particle aerosols, and airborne droplet nuclei, which most commonly result from a person or persons exhaling, talking or vocalizing, coughing, sneezing, or procedures performed on persons which may aerosolize saliva or respiratory tract fluids, among other things. This also includes objects or surfaces that may be contaminated with SARS-CoV-2.

"COVID-19 symptoms" means one of the following:

- (1) fever of 100.4 degrees Fahrenheit or higher or chills;
- (2) cough;
- (3) shortness of breath or difficulty breathing;
- (4) fatigue;
- (5) muscle or body aches;
- (6) headache;
- 7) new loss of taste or smell;
- (8) sore throat;
- (9) congestion or runny nose;
- (10) nausea or vomiting; or
- (11) diarrhea, unless a licensed health care professional determines the person's symptoms were caused by a known condition other than COVID-19.

"COVID-19 test" means a viral test for SARS-CoV-2 that is both:

- (1) Approved by the United States Food and Drug Administration (FDA) or has an Emergency Use Authorization from the FDA to diagnose current infection with the SARS-CoV-2 virus; and
- (2) Administered in accordance with the FDA approval or the FDA Emergency Use Authorization as applicable.

"Exposed workplace" means any work location, working area, or common area at work used or accessed by a COVID-19 case during the high-risk period, including bathrooms, walkways, hallways, aisles, break or eating areas, and waiting areas.

The exposed workplace does not include buildings or facilities not entered by a COVID-19 case. Effective January 1, 2021, the "exposed workplace" also includes but is not limited to the "worksite" of the COVID-19 case as defined by Labor Code section 6409.6(d)(5).

"Face covering" means a tightly woven fabric or non-woven material with no visible holes or openings, which covers the nose and mouth.

"High-risk exposure period" means the following time period:

- (1) For persons who develop COVID-19 symptoms: from two (2) days before they first develop symptoms until ten (10) days after symptoms first appeared, and 24 hours have passed with no fever, without the use of fever-reducing medications, and symptoms have improved; or
- (2) For persons who test positive who never develop COVID-19 symptoms: from two (2) days before until ten (10) days after the specimen for their first positive test for COVID-19 was collected.

IV. PROGRAM

A. SYSTEM FOR COMMUNICATING WITH EMPLOYEES & VOLUNTEERS

1. Reporting COVID-19 Symptoms, Possible COVID-19 Close Contact Exposures, and Possible COVID-19 Hazards at Worksites and District Facilities

District policy requires that employees and volunteers immediately report to the Duty Chief or Fire Chief any of the following:

- (1) the employee's/volunteer's presentation of COVID-19 symptoms;
- (2) the employee's/volunteer's possible COVID-19 close contact exposures;
- (3) possible COVID-19 hazards at worksites or District facilities.

The District will not discriminate or retaliate against any employee or volunteer who makes such a report.

2. Accommodations Process for Employees with Medical or Other Conditions that put them at Increased Risk of Severe COVID-19 Illness

District policy provides for an accommodation process for employees who have a medical or other condition identified by the Centers for Disease Control and Prevention ("CDC") or the employees' health care provider as placing or potentially placing the employees at increased risk of severe COVID-19 illness.

The CDC identifies the following medical conditions and other conditions as placing or potentially placing individuals at an increased risk of severe COVID-19 illness

The CDC guidance provides that adults of any age with the following conditions are at increased risk of severe illness from the virus that causes COVID-19:

- Cancer
- Chronic kidney disease
- COPD (chronic obstructive pulmonary disease)
- Heart conditions, such as heart failure, coronary artery disease, or cardiomyopathies
- Immunocompromised state (weakened immune system) from solid organ transplant
- Obesity (body mass index [BMI] of 30 kg/m2 or higher but < 40 kg/m2)

- Severe Obesity (BMI ≥ 40 kg/m2)
- Pregnancy
- Sickle cell disease
- Smoking
- Type 2 diabetes mellitus

The CDC guidance also provides that adults of any age with the following conditions might be at an increased risk for severe illness from the virus that causes COVID-19:

- Asthma (moderate-to-severe)
- Cerebrovascular disease (affects blood vessels and blood supply to the brain)
- Cystic fibrosis
- Hypertension or high blood pressure
- Immunocompromised state (weakened immune system) from blood or bone marrow transplant, immune deficiencies, HIV, use of corticosteroids, or use of other immune weakening medicines
- Neurologic conditions, such as dementia
- Liver disease
- Overweight (BMI > 25 kg/m2, but < 30 kg/m2)
- Pulmonary fibrosis (having damaged or scarred lung tissues)
- Thalassemia (a type of blood disorder)
- Type 1 diabetes mellitus

The District will periodically review the following web address in order to account for any additional medical conditions and other conditions that the CDC has identified as placing or potentially placing individuals at an increased risk of severe COVID-19:

https://www.cdc.gov/coronavirus/2019-ncov/need-extra-precautions/people-with-medical-conditions.html

District employees/volunteers are encouraged to review the list of medical conditions and other condition provided above in order to determine whether they have such a condition.

To request an accommodation under the District policy, employees may make a request with the Duty Chief or Fire Chief.

3. COVID-19 Testing

The District possesses authority to require that employees/volunteers who report to work at worksites or District facilities be tested for COVID-19.

Where the District requires that employees/volunteers be tested, the District will inform employees for the reason that testing is required.

The District will also inform employees/volunteers of the possible consequences of a positive COVID-19 test, which may include, but is not limited to, a requirement that employees/volunteers not report to work during the high-risk exposure period and satisfying the minimum criteria to return to work.

Where the District requires testing, the District has adopted policies and procedures that ensure the confidentiality of employees and comply with the Confidentiality of Medical Information Act ("CMIA"). Specifically, the District will keep confidential all personal identifying information of COVID-19 cases or persons with COVID-19 symptoms unless expressly authorized by the employee to disclose such information or as other permitted or required under the law.

4. COVID-19 Hazards

The District will notify employees/volunteers of any potential COVID-19 exposure at a worksite or facility where a COVID-19 case and employees/volunteers were present on the same day. The District will notify employees/volunteers of such potential exposures within one (1) business day, in a way that does not reveal any personal identifying information of the COVID-19 case.

The District will also notify employees/volunteers of cleaning and disinfecting measures the District is undertaking in order to ensure the health and safety of the worksite or facility where the potential exposure occurred.

B. IDENTIFICATION AND EVALUATION OF COVID-19 HAZARDS AT DISTRICT WORKSITES AND FACILITIES

1. <u>Screening District Employees/Volunteers for COVID-19 Symptoms</u>

The District possesses authority to require that employee self-screen for COVID-19 symptoms.

District policy provides that it will screen employees/volunteers will self-screen for COVID-19 symptoms prior to reporting to any District facility.

2. Responding to Employees/Volunteers with COVID-19 Symptoms

Should a District employee/volunteer present COVID-19 symptoms during a self-screen, the Duty Chief will instruct the employee/volunteer to remain at or return to their home or place of residence and not report to work until such time as the employee/volunteer satisfies the minimum criteria to return to work.

The District will advise employees of any leaves to which they may be entitled during this self-quarantine period.

Further, the District has adopted policies and procedures that ensure the confidentiality of employees/volunteers and comply with the CMIA, and will not disclose to other employees/volunteers the fact that the individual(s) presented COVID-19 symptoms.

3. <u>District's Response to COVID-19 Cases</u>

In the event that District employees/volunteers test positive for COVID-19 or are diagnosed with COVID-19 by a health care provider, the District will instruct the employees/volunteer to remain at or return to their home or place of residence and

not report to work until such time as they satisfy the minimum criteria to return to work.

The District will advise employees of any leaves to which they may be entitled during this self-isolation period.

The District will comply with all reporting and recording obligations as required under the law, including, but not limited to, reporting the COVID-19 case to the following individuals and institutions as required based on the individual circumstances:

- The local health department;
- Cal/OSHA;
- Employees who were present at a worksite or facility when the COVID-19 case was present;
- The employee organizations that represent employees/volunteers at the District worksite or facility;
- The employers of subcontracted employees who were present at the District facilities; and
- The District's workers' compensation plan administrator.

If possible, the District will interview the COVID-19 cases in order to ascertain the nature and circumstances of any contact that the employees may have had with other employees during the high-risk exposure period. If the District determines that there were any close contact COVID-19 exposures, the District will instruct those employees/volunteers to remain at their home or place of residence and not report to work until such time as the employees/volunteer satisfy the minimum criteria to return to work.

The District has adopted policies and procedures that ensure the confidentiality of employees and comply with the CMIA. Specifically, the District will not disclose to other employees/volunteers, except for those who need to know, the fact that the individual(s) tested positive for or were diagnosed with COVID-19. Further, the District will keep confidential all personal identifying information of COVID-19 cases or persons unless expressly authorized by the employees to disclose such information or as other permitted or required under the law.

4. Workplace-Specific Identification of COVID-19 Hazards

The District conducted a workplace-specific assessment of all interactions, areas, activities, processes, equipment, and materials that could potentially expose employees to COVID-19 hazards.

As part of this process, the District identified places and times when employees and individuals congregate or come in contact with one another, regardless of whether employees are performing an assigned work task or not, including, for example, during meetings or trainings, in and around entrances, bathrooms, hallways, aisles, walkways, elevators, break or eating areas, cool-down areas, and waiting areas.

As part of this process, the District identified potential workplace exposure to all

persons at District facilities, including employees/volunteers, employees/volunteers of other entities, members of the public and independent contractors. The District considered how employees and other persons enter, leave, and travel through District facilities, in addition to addressing employees' fixed workspaces or workstations.

As part of this process, the District treated all persons, regardless of symptoms or negative COVID-19 test results, as potentially infectious.

5. Maximization of Outdoor Air and Air Filtration

For District facilities, the District evaluated how to maximize the quantity of outdoor air and whether it is possible to increase filtration efficiency to the highest level compatible with the worksites and facilities' existing ventilation systems.

6. <u>District Compliance with Applicable State and Local Health Orders</u>

The District monitors applicable orders and guidance from the State of California and the local health department related to COVID-19 hazards and prevention, including information of general application and information specific to the District's location and operations.

The District fully and faithfully complies with all applicable orders and guidance from the State of California and the local health department.

7. <u>Evaluation of Existing COVID-19 Prevention Controls and Adoption of Additional Controls</u>

Periodically, the District will evaluate existing COVID-19 prevention controls at the workplace and assess whether there is a need for different and/or additional controls.

This includes evaluation of controls related to the correction of COVID-19 hazards, physical distancing, face coverings, engineering controls, administrative controls, and personal protective equipment (PPE).

8. Periodic Inspections

The District will conduct periodic inspections of District facilities as needed to identify unhealthy conditions, work practices, and work procedures related to COVID-19 and to ensure compliance with the District's COVID-19 policies and procedures.

C. INVESTIGATING AND RESPONDING TO COVID-19 CASES IN DISTRICT FACILITIES

1. Procedure to Investigate COVID-19 Cases

The District has a procedure for investigating COVID-19 cases in the workplace. As provided below, the procedure provides for the following:

Verification of COVID-19 case status;

- Receiving information regarding COVID-19 test results;
- Receiving information regarding the presentation of COVID-19 symptoms; and
- Identifying and recording all COVID-19 cases.

2. Response to COVID-19 Cases

As provided above at Section IV.B.3., in the event that **District** employees/volunteers test positive for COVID-19 or are diagnosed with COVID-19 by a health care provider, the District will instruct the employees to remain at or return to their home or place of residence and not report to work until such time as the employees satisfy the minimum criteria to return to work.

a. Contact Tracing

If possible, the District will interview the COVID-19 cases in order to ascertain the following information: (1) the date on which the employees tested positive, if asymptomatic, or the date on which the employees first presented COVID-19 symptoms, if symptomatic; (2) the COVID-19 cases recent work history, including the day and time they were last present at an District worksite or facility; and (3) the nature and circumstances of the COVID-19 cases' contact with other employees/volunteers during the high-risk exposure period, including whether there were any close contact COVID-19 exposure.

If the District determines that there were any close contact COVID-19 exposures, the District will instruct those employees/volunteers to remain at their home or place of residence and not report to work until such time as the employees/volunteers satisfy the minimum criteria to return to work.

b. Reporting the Potential Exposure to Other Employees

The District will comply with all reporting and recording obligations as required under the law, including, but not limited to, reporting the COVID-19 case to the following individuals and institutions as required based on the individual circumstances: (1) employees who were present at a District worksite or facility when the COVID-19 case was present; and (2) subcontracted employees who were present at the District facility.

c. Free COVID-19 Testing for Close Contact Exposures

The District will provide COVID-19 testing at no cost to employees/volunteers during their working hours to all employees/volunteers who had potential close contact COVID-19 exposure at a District worksite or facility.

d. Leave and Compensation Benefits for Close Contact Exposures

The District will provide these employees with information regarding COVID-19-related benefits to which the employees may be entitled under applicable federal, state, or local laws. This includes any benefits available under workers' compensation law, the federal Families First Coronavirus Response Act (FFCRA), Labor Code sections 248.1 and 248.5, Labor Code sections 3212.86 through 3212.88, local governmental requirements, the District's own leave policies, and leave guaranteed by contract.

The District will continue to provide and will maintain these employees' earnings, seniority,

and all other employee rights and benefits, including the employees' right to their former job status, as if the employees had not been removed from their jobs.

The District may require that these employees use employer-provided employee sick leave benefits for this purpose and consider benefit payments from public sources in determining how to maintain earnings, rights and benefits, where permitted by law and when not covered by workers' compensation.

e. Investigation to Determine Whether Workplace Conditions Contributed to COVID-19 Exposure

The District will conduct an investigation in order to determine whether any workplace conditions could have contributed to the risk of COVID-19 exposure and what could be done to reduce exposure to COVID-19 hazards.

3. Confidential Medical Information

The District will protect the confidentiality of the COVID-19 cases, and will not disclose to other employees/volunteers the fact that the individual(s) tested positive for or were diagnosed with COVID-19.

The District will keep confidential all personal identifying information of COVID-19 cases unless expressly authorized by the employees/volunteers to disclose such information or as other permitted or required under the law.

D. CORRECTION OF COVID-19 HAZARDS AT DISTRICT FACILITIES

The District will implement effective policies and/or procedures for correcting unsafe or unhealthy conditions, work practices, policies and procedures in a timely manner based on the severity of the hazard.

This includes, but is not limited to, implementing controls and/or policies and procedures in response to the evaluations conducted related to the identification and evaluation of COVID-19 hazards and investigating and responding to COVID-19 cases in the workplace. This also includes implementing controls related to physical distancing, face coverings, engineering controls, administrative controls, and personal protective equipment (PPE).

E. TRAINING AND INSTRUCTION OF DISTRICT EMPLOYEES/VOLUNTEERS

1. <u>COVID-19 Symptoms</u>

The District provided employees training and instruction on the COVID-19 symptoms, including advising employees of COVID-19 symptoms, which include the following:

- Fever of 100.4 degrees Fahrenheit or higher or chills:
- Cough;

- Shortness of breath or difficulty breathing;
- Fatique;
- Muscle or body aches;
- Headache;
- New loss of taste or smell;
- Sore throat:
- Congestion or runny nose;
- Nausea or vomiting; or
- Diarrhea, unless a licensed health care professional determines the person's symptoms were caused by a known condition other than COVID-19.

The District monitors and adheres to guidance by the CDC concerning COVID-19 symptoms, including guidance provided at the following web address:

https://www.cdc.gov/coronavirus/2019-ncov/symptoms-testing/symptoms.html

The District will advise employees/volunteers in the event that the CDC makes any changes to its guidance concerning such symptoms.

The District provided employees instruction on the importance of not coming to work and obtaining a COVID-19 test if the employees have COVID-19 symptoms.

2. <u>District's COVID-19 Policies and Procedures</u>

The District provides regular updates to employees/volunteers on the District's policies and procedures to prevent COVID-19 hazards at District facilities and to protect employees, volunteers and members of the public.

3. COVID-19 Related Benefits

The District advised employees of the leaves to which the employees may be entitled under applicable federal, state, or local laws. This includes any benefits available under workers' compensation law, the FFCRA, Labor Code sections 248.1 and 248.5, Labor Code sections 3212.86 through 3212.88, the District's own leave policies, and leave guaranteed by contract.

Further, when employees require leave or are directed not to report to work by the District, the District will advise the employees of the leaves to which the employees may be entitled for that specific reason.

4. Spread and Transmission of the Virus that Causes COVID-19

The District advised employees/volunteers of the that COVID-19 is an infectious disease that can be spread through the air when an infectious person talks or vocalizes, sneezes, coughs, or exhales; that COVID-19 may be transmitted when a person touches a contaminated object and then touches their eyes, nose, or mouth, although that is less common; and that an infectious person may have no symptoms.

The District further advised employees/volunteers of the fact that particles containing the virus can travel more than six (6) feet, especially indoors, so physical distancing must be combined with other controls, including face coverings and hand hygiene, including hand washing, in order to be effective.

5. <u>Methods and Importance of Physical Distancing, Face Coverings, and Hand Hygiene</u>

The District advised employees/volunteers of the methods and importance of physical distancing, face coverings, and hand hygiene, including hand washing.

Specifically, the District trained and instructed employees/volunteers on the importance of frequent hand washing with soap and water for at least 20 seconds and using hand sanitizer when employees do not have immediate access to a sink or hand washing facility, and that hand sanitizer does not work if the hands are soiled.

Further, the District trained and instructed employees/volunteers on the proper use of face coverings and the fact that face coverings are not respiratory protective equipment.

F. PHYSICAL DISTANCING

The District requires that all employees/volunteers be separated from other persons by at least six (6) feet, except where it can demonstrate that six (6) feet of separation is not possible and where there is momentary exposure while persons are in movement.

The District has adopted several methods by which it increases physical distancing including, but not limited to, the following:

- Providing employees/volunteers the opportunity to telework or engage in other remote work arrangements;
- Reducing the number of persons in an area at one time, including visitors;
- Posting visual cues such as signs and floor markings to indicate where employees and others should be located or their direction and path of travel;
- Adopting staggered arrival, departure, work, and break times; and
- Adjusting work processes or procedures, such as reducing production speed, to allow greater distance between employees.

When it is not possible for employees/volunteers to maintain a distance of at least six (6) feet, the District requires individuals to be as far apart as possible.

G. FACE COVERINGS

1. Face Covering Requirement

The District provides face coverings to employees/volunteers and requires that such face coverings are worn by employees/volunteers at worksites and facilities.

District policy adheres to orders and guidance provided by the CDPH and the local health department, including as provided at the following web address:

https://www.cdph.ca.gov/Programs/CID/DCDC/Pages/COVID-19/guidance-for-face-coverings.aspx

The District's policy on the use of face coverings ensures that they are worn over the nose and mouth when indoors, when outdoors and less than six (6) feet away from another person, and where required by orders from the CDPH or local health department.

The District's policy requires that face coverings are clean and undamaged. The District's policy allows for face shields to be used to supplement, and not supplant face coverings.

The District's policy provides for the following exceptions to the face coverings requirement:

- When an employee is alone in a room.
- While eating and drinking at the workplace, provided employees are at least six (6) feet apart and outside air supply to the area, if indoors, has been maximized to the extent possible.
- Employees wearing respiratory protection in accordance with section 5144 or other title 8 safety orders (8 C.C.R. 5144 is available at the following web address: https://www.dir.ca.gov/title8/5144.html).
- Employees who cannot wear face coverings due to a medical or mental health condition or disability, or who are hearing-impaired or communicating with a hearing-impaired person.
- Specific tasks which cannot feasibly be performed with a face covering. This exception is limited to the time period in which such tasks are actually being performed, and the unmasked employee shall be at least six (6) feet away from all other persons unless unmasked employees are tested at least twice weekly for COVID-19.

2. Required Use of Effective Non-Restrictive Alternative for Employees Exempted from Face Covering Requirement

The District's policy requires that employees/volunteers who exempted from wearing face coverings due to a medical condition, mental health condition, or disability wear an effective non-restrictive alternative, such as a face shield with a drape on the bottom, if their condition or disability permits it.

3. <u>Physical Distancing Required If Employee Is Not Wearing Face Covering or Non-Restrictive Alternative</u>

The District's policy requires that any employees/volunteers not wearing a face covering, face shield with a drape or other effective alternative, or respiratory protection, for any

reason, shall be at least six (6) feet apart from all other persons unless the unmasked employees are tested at least twice (2x) weekly for COVID-19.

However, the District does not use COVID-19 testing as an alternative to face coverings when face coverings are otherwise required by this section.

4. Prohibition on Preventing Employees from Wearing Face Covering

The District does not prevent any employee/volunteer from wearing a face covering when wearing a face covering is not required by this section, unless not wearing a face covering would create a safety hazard, such as interfering with the safe operation of equipment.

5. <u>Communication to Non-Employees Regarding Face Covering Requirement</u>

The District posts signage to inform non-employees that the District requires the use of face coverings at all District facilities.

6. <u>Policies to Reduce COVID-19 Hazards Originating from Persons Not Wearing Face Coverings</u>

The District has developed COVID-19 policies and procedures to minimize employees' exposure to COVID-19 hazards originating from any person not wearing a face covering, including a member of the public.

These policies include requiring that employees and non-employees/volunteer wear face coverings at worksites or District facilities, that employees wear face coverings at other times, maintain physical distance from person not wearing a face covering, and observe proper hand hygiene.

H. OTHER ENGINEERING CONTROLS, ADMINISTRATIVE CONTROLS AND PERSONAL PROTECTIVE EQUIPMENT (PPE)

1. <u>Installation of Solid Partitions Between Workstations Where</u> Physical Distancing is Not Possible

At fixed work locations where it is not possible to maintain the physical distancing requirement at all times, the employer shall install cleanable solid partitions that effectively reduce aerosol transmission between the employees and other persons.

2. <u>Maximization of Outdoor Air</u>

As provided above at Section IV.B.5., for indoor operations at District facilities, the District evaluated how to maximize the quantity of outdoor air.

Further, for District facilities with mechanical or natural ventilation, or both, the District has maximized the quantity of outside air provided to the extent feasible, except when the United States Environmental Protection Agency ("EPA") Air Quality Index is greater than 100 for any pollutant or if opening windows or letting in outdoor

air by other means would cause a hazard to employees, for instance from excessive heat or cold.

3. Cleaning and Disinfecting Procedures

The District's cleaning and disinfecting policy requires the following:

- Identifying and regularly cleaning and disinfecting frequently touched surfaces and objects, such as doorknobs, equipment, tools, handrails, handles, controls, bathroom surfaces, and steering wheels. The District will inform employees/volunteers of cleaning and disinfection protocols, including the planned frequency and scope of regular cleaning and disinfection.
- Prohibiting the sharing of personal protective equipment and to the extent feasible, items that employees/volunteers come in regular physical contact with such as phones, headsets, desks, keyboards, writing materials, instruments, and tools. When it is not feasible to prevent sharing, sharing will be minimized and such items and equipment shall be disinfected between uses by different people. Sharing of vehicles will be minimized to the extent feasible, and high touch points (steering wheel, door handles, seatbelt buckles, armrests, shifter, etc.) shall be disinfected between users.
- Cleaning and disinfection of areas, material, and equipment used by a COVID-19 case during the high-risk exposure period.

Further, the District requires that cleaning and disinfecting must be done in a manner that does not create a hazard to employees/volunteers or subcontracted employees.

4. Evaluation of Handwashing Facilities

In order to protect District employees/volunteers, the District evaluated its handwashing facilities in order to determine the need for additional facilities, encourage and allow time for employee handwashing, and provide employees with an effective hand sanitizer.

The District encourages employees/volunteers to wash their hands for at least 20 seconds each time.

The District does not provide hand sanitizers with methyl alcohol.

5. Personal Protective Equipment (PPE)

District policy provides for PPE.

The District evaluates the need for PPE, such as gloves, goggles, and face shields, to prevent exposure to COVID-19 hazards and provide such PPE as needed.

In accordance with applicable law, the District evaluates the need for respiratory protection when the physical distancing requirements, as provided herein, are not feasible or are not maintained.

In accordance with applicable law, the District will provide and ensure use of respirators in accordance when deemed necessary by Cal/OSHA through the Issuance of Order to Take Special Action.

In accordance with applicable law, the District will provide and ensure use of eye protection and respiratory protection when employees/volunteers are exposed to procedures that may aerosolize potentially infectious material such as saliva or respiratory tract fluids.

I. REPORTING, RECORDKEEPING AND ACCESS

1. Reporting COVID-19 Cases to the Local Health Department

In accordance with applicable law, the District will report information about COVID-19 cases at the workplace to the local health department.

Further, the District will provide any related information requested by the local health department.

2. Reporting Serious COVID-19 Illnesses and Deaths to Cal/OSHA

In accordance with applicable law, the District will immediately report to Cal/OSHA any serious COVID-19-related illnesses or deaths of District employees/volunteers occurring at a worksite or District facility or in connection with any employment.

Further, in accordance with applicable law, the District will record any serious work-related COVID-19-related illnesses or deaths.

3. Maintenance of Records Related to the Adoption of the CPP

In accordance with applicable law, the District will maintain records of the steps taken to implement this CPP.

4. Availability of the CPP for Inspection

The District will make this written CPP available to employees and employee organizations.

Further, the District will make this written CPP available to Cal/OSHA representatives immediately upon request.

5. Records Related to COVID-19 Cases

The District will keep a record of and track all COVID-19 cases with the following information:

- Employee's name;
- Contact information;
- Occupation;
- Location where the employee worked:
- Date of the last day at the workplace; and

Date of a positive COVID-19 test.

In accordance with the Confidentiality of Medical Information Act (CMIA) and applicable law, the District will keep the employees /volunteers' medical information confidential.

In accordance with the CMIA and applicable law, the District will make this information available to employees and employee organizations with personal identifying information removed. The District will also make this information available as otherwise required by law.

J. EXCLUSION OF COVID-19 CASES

1. <u>Exclusion of COVID-19 Cases from District Worksites and Facilities</u>

The District] will ensure that COVID-19 cases are excluded from the workplace until the individual satisfies the minimum return to work criteria provided for in Section IV.K.

2. <u>Exclusion of Employees with Close Contact COVID-19 Exposures</u> from Worksites and District Facilities

a. Close Contact Exclusion Period

Unless the employee is covered by the limited exception described below, the District will exclude employees/volunteers with close contact COVID-19 exposure from the workplace for 10 days after the last known close contact COVID-19 exposure. In order for the employee to return to work after the 10th day of quarantine, the employee must satisfy the following conditions:

- (1) be asymptomatic;
- (2) wear a face covering at all times;
- (3) maintain a distance of at least six (6) feet from others;
- (4) self-monitor for COVID-19 symptoms; and
- (5) if symptoms do appear, immediately isolate, contact the local health department or health care provider, and seek testing.

b. Limited Exception to Close Contact Exclusion Period

If the following conditions are satisfied, the District will exclude the following employees with close contact COVID-19 exposure from the workplace for seven (7) days after the last known close contact COVID-19 exposure:

- (1) There is a critical staffing shortage when there is insufficient staff to provide patient care, emergency response services or face to face social services to clients in the child welfare system or in assisted living facilities;
- (2) There is an asymptomatic employee who provides such services (i.e., health care workers, police officers, firefighters and social service workers) who has had a close contact COVID-19 exposure;
- (3) The employee who had the close contact COVID-19 exposure received a Polymerase Chain Reaction ("PCR") COVID-19 test after the fifth (5th) day following the close contact COVID-19 exposure;
- (4) The employee's PCR COVID-19 test returned a negative result;
- (5) The employee wears a surgical face mask at all times during work through the 14th day following the close contact COVID-19 exposure; and
- (6) The employee maintains a distance of at least six (6) feet from others; self-monitor for COVID-19 symptoms; and if symptoms do appear, immediately isolate, contact the local health department or health care provider, and seek testing.
- 3. Provision of Benefits to Employees Excluded from Work as a Result of a Positive COVID-19 Test or Diagnosis or a Close Contact COVID-19 Exposure
 - a. Employees Who Are Able to Telework During Isolation or Quarantine Period

The District will allow employees who are able to telework, and are able and available to work, to telework during the isolation or quarantine period. The **District** will provide these employees their normal compensation for the work that they perform during the isolation or quarantine period.

b. Employees Who Are Unable to Telework During Isolation or Quarantine Period

The provision of benefits described below does not apply to either:

- (1) District employees/volunteers who it can demonstrate that the close contact COVID-19 exposure was not work-related; and
- (2) District employees who are unable to work for reasons other than
 protecting employees, volunteers and members of the public at District
 worksites and facilities from possible COVID-19 transmission. Such
 employees may still use paid sick leave for the purpose of receiving
 compensation during the isolation or quarantine period if they elect to
 do so.

For other employees, the District will require that employees who are unable to telework, but are otherwise able and available to work, to use paid sick leave in order to receive compensation during the isolation or quarantine period. Employees retain their entitlement to elect not to use other earned or accrued paid leave during this time. The District may provide such employees who are unable to telework, but who do not have any paid sick leave available, paid administrative leave in order to receive compensation during the isolation or quarantine period.

For all employees who are subject to an isolation or quarantine because of a COVID-19 case or a close contact COVID-19 exposure, the District will maintain the employees' seniority and all other employee rights and benefits, including the employees' right to their former job status, during the isolation or quarantine period.

The District may consider benefit payments from public sources, including under the FFCRA and Labor Code section 248.1 (until December 31, 2020 or longer if FFCRA leave and/or Labor Code section 248.1 leave is extended), in determining how to maintain earnings, rights and benefits, where permitted by law and when not covered by workers' compensation.

4. Adherence with Laws, Policies, and/or Agreements Providing Excluded Employees Greater Protections

The obligations set forth in this section do not limit any other applicable law, District policy, or collective bargaining agreement that provides District employees with greater protections or benefits.

5. <u>Provision of Information Concerning Benefits to Excluded</u> <u>Employees</u>

At the time of exclusion, the District will provide the excluded employees the

information on benefits to which the employees may be entitled under applicable federal, state, or local laws.

This includes any benefits available under workers' compensation law, the FFCRA, Labor Code sections 248.1 and 248.5, Labor Code sections 3212.86 through 3212.88, the District's own leave policies, and leave guaranteed by contract.

K. RETURN TO WORK CRITERIA

1. <u>Minimum Criteria to Return to Work for Symptomatic COVID-19</u> Cases

District policy requires that COVID-19 cases with COVID-19 symptoms remain at their home or place of residence and not report to any worksite or District facility until they satisfy each of the following conditions:

- I. At least 24 hours have passed since a fever of 100.4 or higher has resolved without the use of fever-reducing medications;
- II. COVID-19 symptoms have improved; and
- III. At least 10 days have passed since COVID-19 symptoms first appeared.

2. <u>Minimum Criteria to Return to Work for Asymptomatic COVID-19</u> <u>Cases</u>

District policy requires that COVID-19 cases who tested positive but never developed COVID-19 symptoms not report to any worksite or District facility until a minimum of 10 days have passed since the date of specimen collection of their first positive COVID-19 test.

3. COVID-19 Testing Not Required in Order to Return to Work

In accordance with CDC guidance concerning symptom-based strategies for the discontinuation of isolation, the District does not require employees/volunteers submit to a COVID-19 test, or produce a negative COVID-19 test result, in order to return to work.

4. <u>Minimum Criteria to Return to Work for Employees Directed to</u> Self-Quarantine or Isolate by a State or Local Health Official

If employees are subject to an isolation or quarantine order issued by a state or local health official, District policy requires that the employees/volunteers not report to any worksite or District facility until the period of isolation or quarantine is completed or the order is lifted.

If the order did not specify a definite isolation or quarantine period, then the period shall be 10 days from the time the order to isolate was effective, or 14 days from the

time the order to quarantine was effective.

5. Allowance by Cal/OSHA for an Employee to Return to Work

If there are no violations of state or local health officer orders for isolation or quarantine, Cal/OSHA may, upon request, allow employees to return to work on the basis that the removal of employees would create undue risk to a community's health and safety.

In such cases, the District will develop, implement, and maintain effective controlmeasures to prevent transmission in the workplace including providing isolation for the employees at the worksite or District facility and, if isolation is not possible, the use of respiratory protection in the workplace.

If there are no violations of state or local health officer orders related to the employee's isolation or quarantine, the District may request that Cal/OSHA waive the quarantine or isolation requirement for essential employees and allow such employees to return to work on the basis that the removal of employees would create undue risk to a community's health and safety.

Where the absence of an essential employee from the District worksite would cause a staffing shortage that would have an adverse on a community's health and safety and pose an undue risk to the community's health and safety as a result, Cal/OSHA may grant such waiver.

In order to request a waiver under such circumstances, the District submit the written request to reguest-16. In the event of an emergency, the District may request a provisional waiver by contacting the local Cal/OSHA office while the District prepares the written waiver request.

The written waiver request must provide for the following information:

- 1. Employer name and business or service;
- 2. Employer point-of-contact name, address, email and phone number;
- 3. Statement that there are no local or state health officer orders for isolation or quarantine of the excluded employees;
- 4. Statement describing the way(s) in which excluding the exposed or COVID-19 positive employees from the workplace impacts the employer's operation in a way that creates an undue risk to the community's health and safety;
- Number of employees required to be quarantined under the Cal/OSHA regulation, and whether each was exposed to COVID-19 or tested positive for COVID-19; and
- 6. The employer's control measures to prevent transmission of COVID-19 in the workplace if the employee(s) return or continue to work in the workplace, including the prevention of further exposures. These measures may include, but are not limited to, preventative steps such as isolating the returned

employee(s) at the workplace and requiring that other employees use respiratory protection in the workplace.

In addition to submitting a request for a Cal/OSHA waiver, the District will develop, implement, and maintain effective control measures to prevent transmission in the workplace including providing isolation for the employees at the District worksite or facility and, if isolation is not possible, the use of respiratory protection in the workplace.

CONSENT Item 6.4

Date: February 9, 2021

To: Board of Directors, Arcata Fire District

From: Justin McDonald, Fire Chief

Subject: Authorize Transfer of Funds from County Treasury Fund to Capital

Improvement Fund

Discussion

Last month, the Board was advised that the ladder truck had been sold to the Blue Lake Rancheria Fire Department in the amount of \$50,000. Those funds now need to be placed into the District's Capital Improvement Fund held with the County.

Recommendation

Staff requests the Board authorize the transfer of \$50,000, from the sale of Truck 8283, from the County Treasury Fund 2010 to the Capital Improvements Fund 2013 as part of the consent calendar.

District Funds Requested/Required

CONSENT Item 6.5

Date: February 9, 2021

To: Board of Directors, Arcata Fire District

From: Justin McDonald, Fire Chief

Subject: Approve Exemption and Outstanding Payment Write-Offs to Specific

Parcels for the 1997 Special Tax and 2006 Benefit Assessment

Discussion

District staff continues to regularly update and review parcels assessed by the County within the Arcata Fire District. In the past, the Board authorized permanent exemptions for parcels that had little to no value, could not be built on for various reasons, were small or intersected by other special district boundaries, were government owned, or historically never paid.

There are two parcels that staff received correspondence regarding and that required research. The initial assessment list from the County shows one owner, however, both parcel owners claim to have transferred the property to government entities. In this situation, both properties are detention basins that cannot be built upon.

Parcel #511-084-046-000 was reported as being transferred to McKinleyville Community Services District. Staff was able to confirm that the transfer has been made and is now under MCSD ownership, see **Attachment 1.**

Parcel #509-241-026-000 was reported as belonging to the County of Humboldt. In spite of the paperwork mailed to the District indicating such, to date, staff has been unable to confirm the property transfer. According to the Assessor's Office, there was no deed recorded or the transfer was completed improperly. To date, the ownership is not listed as being owned by the County. There have been numerous attempts to contact the property owner's office, yet staff continues to receive no response, see **Attachment 2**.

Recommendation

It is staff's opinion that enough staff time has been spent in the last three months in regards to these two parcels, which are low value \$27 retention basin parcels. It is therefore, staff's recommendation that the two aforementioned parcels be given permanent exemptions by the Board, as they belong to government entities, are low value and non-buildable parcels.

District Funds Requested/Required

	No Impact/Not Applicable:
	Funding Source Confirmed:
\boxtimes	Other: 2020/21 loss of \$54 and future years loss of \$104 annually

To: mbrock@jlfconstruction.net

Cc: Justin McDonald <imcdonald@arcatafire.org>

Good morning Monica,

The District received our Direct Charge Invoice for the parcel adjacent to Dogwood back in yesterday afternoon's mail. I am just assuming it came from your office, however, there was no explanation other than the additional documentation. Based on what I saw, I double checked our records in both parcel databases and the assessment list that we received from the County for the tax assessments. I am attaching what I was able to confirm.

The parcel in question is still listed under JLF Construction Inc., so I contacted the County. After speaking with three people, I was finally directed to the Property Transfer Assistant in the Assessors office. Their records have no documentation of the transfer or a deed related to the transfer of that property. She indicated that someone from JLF needs to follow up with their office because the last record they have related to that property is from 2008.

We have no problem adding that parcel to the invoice we send the County, however, until they have something indicating that it actually belongs to them, it won't be paid. Here is the contact information for the person I spoke with at the County.

Jan Segall, Property Transfer Asst

Humboldt County Assessor

isegall@co.humboldt.ca.us

If you wouldn't mind, I would appreciate an update after it has been cleared up so that we can fix our records and make sure we don't send JLF another bill next year and so we can also bill the County appropriately for this year. Thank you and please feel free to give me a call if you have any questions.

STAFF REPORT Item 8.1

Date: February 9, 2021

To: Board of Directors, Arcata Fire District

From: Ad Hoc Committee Directors David Rosen and Blaine Maynor Subject: Consider the Implementation of a Citizen's Advisory Committee as

Related to Ordinance 20-20 Special Tax

Background

At the December 8, 2020 Regular Board Meeting, the Board approved the formation of an Ad Hoc Committee to determine the rules for and authorities of the Measure F Advisory Committee. Directors Maynor and Rosen agreed to be on the Ad Hoc Committee.

During the monthly activity reports at the January 12, 2021 Regular Meeting, Director Rosen reported that he and Director Maynor had met and developed a draft of a suggested methodology to implement establishing and providing operating guidance for the benefit of the Citizen's Advisory Committee. The draft is referenced here as Attachment 1, which would be presented tonight for discussion and possible adoption.

Recommendation

It is the recommendation of the Ad Hoc Committee that the Board consider the information provided, take public comment, discuss, finalize the language of and approve utilizing the recommended provisions establishing and appointing members to a Citizens Advisory Committee ("Committee") to monitor and provide oversight of the voter-approved special tax funds.

District Funds Requested/Required

\boxtimes	No Impact/Not Applicable
	Funding Source Confirmed
П	Other

Alternatives

The Board has the following alternatives:

- 1. Take no action.
- 2. With direction, refer the topic back to staff and/or Ad Hoc Committee for further consideration.

Attachments

Attachment 1 – "Draft Implementation of a Citizen's Advisory Committee Related to An Ordinance of the Arcata Fire Protection District Adjusting the Rate of a Fire Protection Special Tax in Order to Continue to Provide Quality Local Fire Protection, Rescue, and Other Essential Services"

IMPLEMENTATION OF A CITIZENS ADVISORY COMMITTEE

Related to

AN ORDINANCE OF THE ARCATA FIRE PROTECTION DISTRICT ADJUSTING THE RATE OF A FIRE PROTECTION SPECIAL TAX IN ORDER TO CONTINUE TO PROVIDE QUALITY LOCAL FIRE PROTECTION, RESCUE, AND OTHER ESSENTIAL SERVICES (the "Ordinance 20-20" or "Measure F")

1. BACKGROUND

In an effort to increase voter acceptance for Measure "F" the Arcata Fire Protection District ("District") recommended provisions establishing and appointing members to a Citizens Advisory Committee ("Committee") to monitor and provide oversight of the voter-approved special tax funds. Upon receipt of the special taxes the District shall cause those funds to be deposited in a special tax account or such other account established by the District which allows the District to properly account for the special taxes in compliance with the provisions of Government Code Section 50075.1. Funds deposited into this account cannot be used for any other purpose than those outlined in Section 2 of Ordinance 20-20 as described below.

2. PURPOSE OF THE COMMITTEE

The purpose of the Committee shall be to inform the public at least annually in a written report concerning the expenditure of the funds received, or expected to be received, by the District. In carrying out this purpose the Committee shall:

- Actively review and report on the proper expenditure of taxpayers' money related to the purpose and intent of Measure F, which is defined in Section 2 of Ordinance 20-20 as: "The proceeds from this special tax shall be used solely for the purpose of providing fire protection, rescue, and emergency medical services within the District. In particular, the special tax will be used to maintain and improve the current level of community-based fire protection services provided by the District. This includes annual budget support to maintain current firefighter positions, and provide for adequate firefighting equipment, apparatus, and necessary capital improvements, consistent with the needs of the residents of the District and the Fire Protection District Law of 1987."
- Become familiar with current and projected District revenues and expenditures;
- Participate in a public forum reviewing expenditures of funds derived from the special tax;
- Advise the public as to whether the District is in compliance with the requirements of Ordinance 20-20;
- Make a determination that funds are expended only for the purpose established by Ordinance 20-20;
- Acknowledge that the Committee shall not have the authority to override, or veto, any District determination to expend or commit funds in a particular manner;

- Ensure that an annual independent financial audit or performance audit is performed that is satisfactory to the Committee.
- Work collaboratively with the District staff and Board and members of the public to address potential public concerns about expenditure of funds derived from the special tax.
- Provide an annual report of findings of the Committee of expenditures and compliance with Ordinance 20-20.

3. COMMITTEE APPOINTMENT AND MEMBERSHIP

The committee shall be established, and the initial members of the committee appointed as follows:

- The governing board of the District shall appoint the members of the Committee after public solicitation of applicants;
- Initial members shall be appointed within one-hundred eighty (180) days after the date that the governing board of the District enters the results of the election on its minutes;
- The District shall adopt a standard and equitable method of adding and/or replacing members as necessary;
- The Committee shall consist of at least three (3) members and no more than five (5) members to serve for a term of two (2) years, without compensation, and for no more than three (3) consecutive terms;
- Members must be registered voters residing within the District;
- The Committee may not include any employee or official of the District or any vendor, contractor, or consultant of the District and no more than one (1) member from each Division of the District. In the event applications are received from more than one (1) eligible applicant from an individual District Division, the successful applicant shall be selected for that Division by random lot.

Minimum eligibility and application requirements for applicants shall include:

- Name and address of the applicant confirming permanent residence within the District and Division;
- A brief statement, not to exceed 250 words, as to the reason for seeking a position on the Committee;
- Applicants signature attesting to a commitment to attend all meetings of the Committee.

The governing board of the District may also adopt additional policies, guidelines, and procedures to be applicable to the Committee once it is established.

4. ACTIVITIES OF THE COMMITTEE

The Committee may engage in any of the following activities in furtherance of its purpose:

Receive and review copies of the annual operating budget and financial audit;

- Inspect District facilities and grounds to ensure that funds are expended for the purposes set forth in Ordinance 20-20;
- Receive and review copies of any staffing proposals or plans developed by the District;
- Review efforts by the District to maximize revenues by implementing cost-saving measures, including, but not limited to mechanisms designed to reduce the cost of any budget line item such as professional fees, facility maintenance and the joint use of core facilities;
- Issue regular reports, at least annually, to the public of the results of its activities.

5. MEETING PROCEDURES OF THE COMMITTEE

Regular meeting dates, time, and place shall be established by the Committee and published/posted in accordance with the Ralph M. Brown Act and applicable District procedures. All Committee proceedings shall be open to the public and shall be subject to the provisions of the Ralph M. Brown Act. All documents received by the Committee and reports issued by the Committee shall be a matter of public record.

6. DISTRICT SUPPORT OF THE COMMITTEE

The governing board of the District should provide the Committee with:

- Any necessary technical assistance and administrative assistance in furtherance of the Committee's purpose; and
- Sufficient resources to publicize the conclusions of the Committee.

7. OTHER RECOMMENDED GUIDELINES AND PROVISIONS

The governing board of the District should consider the adoption of other guidelines or policies applicable to the Committee and Committee activities. The guidelines or policies should not limit the required authority or required actions of the Committee but can provide for additional help and guidance. The following are types of provisions and requirements that should be considered by the District for inclusion in such guidelines or policies:

- Requiring the Committee provide for minutes of its meetings to be taken. Minutes of such meetings are a matter of public record and should be available for public review;
- Regular attendance by Committee members is essential to effective operation of the Committee and timely implementation of the District's programs. If a Committee member is unable to attend regularly scheduled meetings, the District's governing board may appoint a replacement for that member on recommendation of the District's.
- Board President;
- Committee actions and decisions should be made and recorded as individual votes, noting the Committee member's name and vote on a particular matter. Committee decisions should be by majority vote of the members of the Committee present, provided that there is a quorum;
- Community members and news media representatives should be encouraged to attend Committee meetings.
- Members of the public attending Committee meetings shall have an opportunity to address the Committee;

- Any reports by the Committee shall be presented to the District governing board at its meetings.
- The guidelines or policy should specify what expenses and costs will be absorbed by the
 District in its provision of technical and administrative assistance and publicizing
 Committee reports and conclusions. Matters for consideration should include, but
 would not necessarily be limited to:
 - Providing the Committee with meeting location(s) and facilities;
 - Providing for Committee meeting agendas, materials, requested information, informational reports, and Committee meeting minutes;
 - Presentation of information on the District website and by other means, such as newsletters, etc.;
 - Maintaining Committee records and files;
 - o Completing and transmitting correspondence on behalf of the Committee;
 - o Responding to informational requests from the Committee or its
 - o individual members;
 - Determining if members of the Committee are subject to the provisions of the Political Reform Act of 1974 and the conflict-of-interest rules relative to public officials promulgated by the Fair Political Practices Commission (FPPC).

STAFF REPORT Item 8.2

Date: February 9, 2021

To: Board of Directors, Arcata Fire District

From: Justin McDonald, Fire Chief Subject: Racial Equity Committee Update

Background

At the January 5, 2021 Regular Board Meeting, Stepping Stones presented their findings on the Racial Equity Assessment they conducted. The recommendations that were presented were building a racial equity committee, provide racial equity training, initiate conversations with local community group to address cultural humility, implement steps to broaden diversity in recruitment of employees and volunteers, and implement racial/ethnic data collection on the workforce and community engagements.

Director Mendosa brought forth a motion and volunteered to form and be on a racial equity committee for the District. District staff has also reached out to other agencies to gather information to assist with the implementation of the District committee. It was recommended to staff that the committee should start with the development of a racial equity statement and integrate it with the mission of the District. Staff has received information from Chief Robertson from HBF and from Nic Collart with MHS. Both have offered assistance.

Chiefs McDonald and Campbell are currently participating in a workshop that is covering "Creating an Equitable School or Districts: Implicit Bias, Hiring, Retention." This workshop is being taught by Stepping Stones in conjunction with HSU Office of Diversity, Equity and Inclusion.

With the direction from the Board at last months meeting staff is looking for further direction with how to proceed with establishing a racial equity committee for the District.

Recommendation

It is the recommendation of the committee that the Board consider the information provided, take public comment, discuss and direct staff on the manner they would like to proceed.

STAFF REPORT Item 9.1

Date: February 9, 2021

To: Board of Directors, Arcata Fire District

From: Justin McDonald, Fire Chief

Subject: Adopt Resolution 21-233 Adopting Policies for the Conduct and

Hearing of Challenges to Use Classifications Under Ordinance 20-20

(Measure F) and Ordinance 06-12

Background

At the direction of the Board, staff has been working with the District's counsel to develop a policy that would guide the appeal process for the Special Tax collected from Ordinance 20-20 and the Benefit Assessment revenues collected as part of Ordinance 06-12. If this policy is adopted as a part of Resolution 21-233, it will establish a new process that would take effect for the Property Tax cycle 2021/22 beginning July 1, 2021.

Attorney Ryan Plotz from the Mitchel Law Firm will be available at the meeting to answer any questions the Board may have regarding this document.

Recommendation

It is the recommendation of the committee that the Board consider the information provided, take public comment, discuss and adopt Resolution 21-233.

District Funds Requested/Required

Attachment 1 – Resolution 21-233

Resolution Number: 21-233

A RESOLUTION OF THE ARCATA FIRE PROTECTION DISTRICT BOARD OF DIRECTORS ADOPTING POLICIES FOR THE CONDUCT AND HEARING OF CHALLENGES TO USE CLASSIFICATIONS UNDER ORDINANCE NO. 20-20 (MEASURE F) AND ORDINANCE 06-12

WHEREAS, the District levies and collects a Benefit Assessment pursuant to Ordinance No. 06-12 (herein after, the "benefit assessment"); and

WHEREAS, the qualified voters of the Arcata Fire Protection District ("District") approved, by the requisite two-thirds threshold, Measure F (Ordinance No. 20-20), an ordinance adjusting the rates of a fire protection special tax; and

WHEREAS, the rates set forth in Measure F will be imposed and collected beginning with the 2021-2022 fiscal year by and through the County of Humboldt real property tax process; and

WHEREAS, Ordinance No. 06-12 and Measure F impose certain rates depending on the assigned parcel use category; and

WHEREAS, Section 7 of Ordinance No. 06-12 and Section 4 of Measure F authorizes property owners responsible for payment of the benefit assessment and/or special tax to appeal any determination by the District concerning the nature of the use of the property or the calculation of the amount of the tax by filing a written appeal with the District; and

WHEREAS, by way of this Resolution, the Board of Directors desire to provide procedures for the review and consideration of any such appeal.

NOW, **THEREFORE**, the Board of Directors of the Arcata Fire Protection District does resolve as follows:

Section 1. Timely Submission of Appeal. Any property owner intending to submit an appeal for the current fiscal year benefit assessment and/or special tax classification shall submit the appeal in writing in the manner described in Section 2, below, and submit it to the District so that the written appeal is received (either by mail or in person) by the District on or before December 1 of the current fiscal year. Any appeal received by the District on a federal holiday or weekend shall be deemed received on the immediately preceding business day. A property owner may not submit an appeal for any fiscal year other than the current fiscal year.

Section 2. Form and Content of Appeal. All appeals shall be submitted in writing, signed by the property owner or, in the event the property owner is an

2149 CENTRAL AVE, MCKINLEYVILLE CA 95519 | (707) 825-2000 | WWW.ARCATAFIRE.ORG WE EXIST TO PROTECT THE LIVES, ENVIRONMENT AND PROPERTY OF THE COMMUNITIES WE SERVE.

entity, by an authorized representative of the entity. The District may provide an optional form for property owners to utilize when submitting an appeal. Each written appeal shall include all of the following:

- (a) The legal names of all property owners as appearing on the latest secured tax roll for Humboldt County.
- (b) The address and/or assigned County Assessor Parcel Number (APN) for the particular parcel being appealed.
- (c) The mailing address for the District to utilize for all communications to the property owner concerning the appeal.
- (d) Whether the appeal is of the benefit assessment, the special tax, or both:
- (e) The amount of benefit assessment and/or special tax, as applicable, imposed by the District for the current fiscal year.
- (f) The amount the property owner contends should be imposed for the benefit assessment and/or special tax, as applicable.
- (g) That the property owner is not delinquent in the payment of the benefit assessment and special tax, as applicable, for the particular fiscal year.
- (h) The zoning classification assigned to the particular property by governmental entity (e.g., County or City of Arcata) having land use authority over the parcel.
- (i) The parcel use category that the property owner contends should be utilized for the particular parcel and the basis therefor. The Property Owner shall provide a written narrative, with as much specificity as available, of the property owner's position.
- (j) Any documentary evidence or other support that the property owner would like the Board of Directors to consider as part of the appeal.
- (k) The written submission shall contain the following just above the signature of the property owner:
 - "I/We declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct. Executed this [INSERT DAY] day of [INSERT MONTH], [INSERT YEAR]."

Section 3. Consideration of Appeal.

(a) Initial Screening. All appeals received shall be initially screened for timeliness and completeness by the Fire Chief or his designee. Any appeal that is rejected because it was not timely received shall be rejected by the Fire Chief with written notice thereof sent to the property owner via first class mail. Any appeal that fails to contain the information required in Section 2 shall be returned to the property owner via first class mail with a notice of incomplete appeal, describing the required information that was omitted and informing the property owner that he or she shall have a period of ten (10) days from the date the notice of incomplete appeal is postmarked to submit a complete appeal. If a property owner fails to submit the complete appeal on or before the expiration of the ten (10) day period, the appeal shall be deemed rejected without further notice. Any decision to reject an appeal under this sub-section shall be final and there shall be no appeal to the Board of Directors.

- (b) Hearing before the Board of Directors; Scheduling. Appeals not rejected under sub-section "a", above, shall be presented to the Board of Directors for a hearing before Board of Directors' on or before February 28. The District shall provide written notice via first class mail to the property owner of the time and date set for hearing at least ten (10) days before the hearing. The property owner need not be present for the appeal to be considered. In the absence of the property owner, the Board shall proceed to consider the property owner's position on the basis of the written appeal.
- (c) Hearing before the Board of Directors; Hearing. At the hearing on the matter, the Board of Directors shall consider the written appeal submitted by the property owner, written submission (if any) by the Fire Chief, the Fire Chief's oral report and position statement, and any oral comments by the property owner or his or her representative at the hearing. The Board of Directors shall consider any relevant information and shall not be bound by any technical rules of evidence.
- (d) Hearing before the Board of Directors; Burden of Proof. In all cases, the property owner shall bear the burden of proof to demonstrate by that the parcel use category was erroneously assigned or the amount levied is inaccurate.
- (e) Hearing before the Board of Directors; Relevant Considerations.

 The Board of Director shall, among other things, consider each of the following when making its decisions:
 - I. The parcel use category previously assigned to the property.
 - II. The zoning use designation assigned to the property, giving substantial weight to the zoning classification and maximum allowable use thereunder.
 - III. The actual use made of the property. To the extent the property owner contends that the actual use of the property is different than the allowable use allowed under the applicable zoning regulations, the property owner shall produce clear and convincing evidence of the actual use. Clear and convincing evidence includes corroborating evidence beyond the mere statement of the property owner.
 - IV. Such other and additional evidence as the Board of Directors may consider relevant.
- (f) Hearing by the Board of Directors; Decision. The Board of Directors shall make a decision, by majority vote, on the matter by way of a motion to grant or deny the appeal at the conclusion of the hearing. No written decision of findings shall be required. In the event the property owner is not present at the hearing, the Fire Chief shall provide written notice of the decision to the property owner via first class mail. The Board of Directors' decision shall be final for the particular fiscal year.

Section 4. Successful Appeals. In the event the appeal is successful, the District shall refund any overage paid and provide written notice to the County regarding the reclassification. A successful appeal shall not restrict or otherwise bind the District to any parcel use classification for any subsequent fiscal year.

- Section 5. Special Considerations Regarding Accessory Dwelling Units. Pursuant to Section 3 of Ordinance No.20-20, a property assigned the Parcel Use Category of Single Family Residential is taxed at a lower rate than a property assigned Multi-Family Residential. In making determinations whether a property should be assigned Single Family Residential or Multi-Family Residential, the following rules shall apply:
 - (a) Zoning Designation. The District shall assign a residential parcel use category based on the largest allowable use permitted under the applicable zoning regulations, provided, however, that the District may downgrade the parcel use category if a visual observation from the nearest public road demonstrates clearly that a lesser use is being made of the property. The District shall not be obligated to make any such visual inspection.
 - (b) ADUs and Single-Family Zoned Parcel. In the case of a property zoned to permit no more than one single family residence, the District shall assume that an additional accessory structure used as a dwelling is an accessory dwelling unit ("ADU"), as described in Section 3 of Ordinance No. 20-20, provided the particular zoning regulations or state law allow for an accessory dwelling unit on that property.
 - (c) ADUs and Multi-Family Zoned Parcel. In the case of a property zoned to allow for multi-family use (i.e., more than one primary dwelling unit), the District shall assign a parcel use category based on the allowable units permitted under the applicable zoning regulations or, in the event the zoning regulations do not specify the maximum allowable units, the number of units located on the property based on a visual inspection. In the event a property owner submits an appeal to reclassify a multi-family zoned parcel to a single-family parcel with an accessory dwelling unit, the following shall be considered by the Board of Directors:
 - I. There shall be a strong presumption that any property zoned to permit more than one single-family residence shall be assigned a Multi-Family Residential parcel use category.
 - II. In no case shall the District reassign a Multi-Family parcel with three or more separate dwelling units to a Single-Family parcel use category.
 - III. In considering whether a Multi-Family assigned parcel with two separate dwelling units shall be reclassified as Single-Family with an ADU, the following factors shall be considered:
 - a. The size (in square foot) of the primary structure to the claimed accessory structure, it being understood that a Multi-Family designation is more appropriate if the claimed ADU is equal or similar in size to the primary structure.
 - b. The appearance of the two structures, it being understood that an ADU is typically a secondary unit to the primary structure in use and appearance.
 - c. Whether the particular zoning regulations allow for the construction of an ADU on the multi-family zoned parcel.

- d. Whether the claimed ADU has a separate mailing address.
- e. Whether the claimed ADU has a separate and distinct entrance that is visible from the road frontage.
- f. Whether the claimed ADU is separately metered and bill by the public utilities servicing the property.
- g. Whether the claimed ADU is recognized as an ADU by the government entity having land use authority over the property.
- h. Whether the claimed ADU is occupied by relatives of the property owner or is rented to third party, non-relatives.

STAFF REPORT Item 9.2

Date: February 9, 2021

To: Board of Directors, Arcata Fire District

From: Justin McDonald, Fire Chief

Subject: Approve Utilizing the Services of Streamline to Host the District's

Webpage to Meet and Maintain ADA Compliance & Reduce Risk

Background

Last month staff received a renewal notification for the liability insurance provider. As part of the renewal process staff is required to fill out a questionnaire that covers call volume, staffing levels, budget, property and fleet schedules and contracts. This year, there were new questions that pertained to cyber risk. The provider recommended that the District utilize a website to review the content of our website to determine risk associated with discrimination from digital content failure. As shown in Attachment 1, the Arcata Fire District's website has a high risk level.

After soliciting information from vendors that specialize in government web page development, staff felt that the company Streamline, was the most recommended and responsive to the needs of a special district. Along with Humboldt Bay Municipal Water District and McKinleyville Community Services District, Streamline provides webhosting to a large number of fire districts not only in California, but also across the country. Attachment 2 provides a checklist for California Website Compliance. The District is required to operate a webpage pursuant to SB 929, which requires that our web page must not only comply with web content accessibility but must also be compliant with other state mandates. Each year, new accessibility and transparency laws are passed, increasing the requirements that government agencies are required to maintain. Because the Streamline platform is provided by a subscription, functionality updates and accessibility requirements are kept up to date. This will allow the District to reduce liability in ADA compliance, transparency and posting requirements, thereby reducing the risk of legal action or settlements.

The down side of moving to a new vendor will be the cost. The district currently pays \$299 a year for Wix to host the web page. Currently, it is District staff, the Business Manager and Fire Chief primarily, who post to our webpage or make changes as they are brought to our attention. Once or twice yearly, Wix will make changes to their software, which has resulted in the loss of formatting, storage and retrieval of historical documents and other items the District is required to maintain as easily available. Each time one of these changes occur, hours of staff time is spent recreating, finding or reposting the necessary information. This time spent does not even take into consideration the high risk website and legal ADA requirements that we are not even aware we are violating.

The Streamline cost of \$300 per month (which is based on Arcata Fire Districts annual operating revenue), could easily pay for itself by the avoidance of just one lawsuit against the District, to say nothing of the wasted hourly wage of District's staff.

One final advantage to making this change is that it is virtually risk free. It is a month-tomonth subscription that can be canceled anytime. No long-term commitments or set up fee, no upload or hosting limits and unlimited support.

Recommendation

It is the recommendation of that the Board consider the information provided, take public comment, discuss and authorize the Fire Chief to enter into a month to month subscription contract with Streamline for web hosting services.

RISK PROFILE FOR:

http://www.arcatafire.org/

January. 14th. 2021

YOUR RISK LEVEL IS: HIGH

TODAY'S REALITY

94% of websites are non-compliant

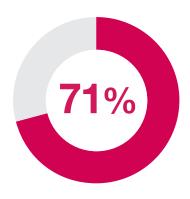

Website non-compliance has become a reality in the US as organizations struggle to meet their legal obligations to limit online discrimination (ADA / accessibility¹).

The present approach to compliance is ad-hoc and as such doesn't address the underlying problems. A strategic approach to compliance is needed, not randomly targeting problems as they arise which can be expensive and plagued by human limitations.

Many organizations believe they are compliant, but are operating under a false sense of security. This is diluting brand value and exposing organizations to unnecessary and repeated litigation. 2020 litigation costs are estimated to exceed \$1bn².

With 94% of websites currently non-compliant, the need for a new approach is clear.

Website owners believe their websites are compliant

The backdrop of the global pandemic has made this an unprecedented time for all businesses and individuals worldwide, but one clear consequence has been reinforcing the criticality of digital interfaces to businesses and organizations everywhere, which also means reinforcing the criticality of digital accessibility along with it.

Satya N. Nadella, Microsoft CEO | MAY 2020

What AAAtraq means for you

Most organizations seek to comply with WCAG checkpoints using automated scanning software and ad hoc content fixes. A more strategic approach is needed. Individuals need training, suppliers need managing, compliance needs reporting, and insurance needs to be in place. Not tackling these issues means the next site content update will create new compliance issues and open the door to litigation.

Subscribe to AAAtraq to understand where you are now. The following pages show you how the service supports your pathway to compliance.

STAFF REPORT Item 9.3

Date: February 9, 2021

To: Board of Directors, Arcata Fire District

From: Justin McDonald, Fire Chief

Subject: Authorize a Change in IT/Network Service Providers for the District

Background

Last month staff received a notification that our IT/network service provider was bought out by a larger, out of state corporation. There has also been a noticeable decrease in the level of responsiveness for IT problems over the last several months. Previously, we were able to call and speak with someone and solve problems immediately. Now we go weeks without even an acknowledge of our trouble tickets. We have also been waiting for more than a year for NMS to take our old server off line. Since the ownership change over, the District has not been notified of any pricing increases and we have confirmed that we are on a month-to-month service contract.

Staff has researched and found another local IT/network service provider that will meet the needs of the District. Infinite Consulting Services has provided a quote to staff of \$2450 per month. Valeo/Network Management is currently \$2498. According to the owner of Infinite Consulting, we will make a switch to Microsoft 365, which is included in the monthly cost. This will allow us to drop the Google service and extra storage fees, which will save approximately \$300 per month.

Recommendation

It is the recommendation of that the Board consider the information provided, take public comment, discuss and authorize the Fire Chief to enter into a service agreement with Infinite Consulting Services for IT/network services.

Attachment 1 – Service Agreement with Infinite Consulting

Version 1.0 1/29/2021

Presented by: Ezequiel Sandoval

praesidio agreement

Agreement

This Agreement between **Arcata Fire District**, herein referred to as Client, and **Infinite Consulting Services**, **Inc**, hereinafter referred to as Service Provider, is effective upon the date signed, shall remain in force for a period of three years. The Service Agreement automatically renews for a subsequent one year term beginning on the day immediately following the end of the Initial Term or subsequent terms, unless either party gives the other thirty (30) days prior written notice of its intent not to renew this Agreement.

This Agreement may be terminated by the Client upon thirty (30) days written notice if the Service Provider:

Fails to fulfill in any material respect its obligations under this Agreement and does not cure such failure within thirty (30) days of receipt of such written notice.

Breaches any material term or condition of this Agreement and fails to remedy such breach within thirty (30) days of receipt of such written notice.

Terminates or suspends its business operations, unless it is succeeded by a permitted assignee under this Agreement.

This Agreement may be terminated by the Service Provider upon thirty (30) days written notice to the Client.

If either party terminates this Agreement, Service Provider will assist Client in the orderly termination of services, including timely transfer of the services to another designated provider. Client agrees to pay Service Provider the actual costs of rendering such assistance.

Non-Solication: No-Hire: For the period beginning on the date of this agreement and for up to 1 year following the termination of this agreement, Client and Service Provider, without the other party's written consent, will not solicit or hire the other party's employees.

Fees and Payment Schedule

Fees will be **\$175.00** per user/month, invoiced to Client on a Monthly basis in advance, and will become due and payable on the first day of each month. Services will be suspended if payment is not received within 5 days following date due. Fees will incease by **\$5.00** per user/month at the start of years 2 and 3.

It is understood that any and all Services requested by Client that fall outside of the terms of the "Services Included" section of this this agreement will be considered Projects, and will be quoted and billed as separate, individual Services.

Taxes

It is understood that any Federal, State or Local Taxes applicable shall be added to each invoice for services or materials rendered under this Agreement. Client shall pay any such taxes unless a valid exemption certificate is furnished to Service Provider for the state of use.

STAFF REPORT Item 9.4

Date: February 9, 2021

To: Board of Directors, Arcata Fire District

From: Justin McDonald, Fire Chief

Subject: Review of 2020 Year End Statistics

Background

The call volume for 2020 was down 16.4% from the previous year. It has been 13 years since the annual call volume dropped from the previous year. There were two major influencing factors to the cause. The first factor was in the response to COVID-19 and the shelter in place order that happened in March of 2020. The other factor was when the District closed the third station, thereby ceasing the use of in-district move and cover incidents.

Staff will make a quick presentation at the meeting, but these are the highlights from the 2020;

- Fire Incidents up 27%
- Medical/Rescue Incidents down 9%
- Hazardous Conditions down 53%.
- Service Calls down 49%
- Good Intent Calls up 9%.
- False Alarm Calls down 13%.

See the presentation for further breakdown of the incidents and staff hours.

Recommendation

Monthly Operations Report

Major Incidents

1/3/21 Structure Fire with fatality – Arcata 4700 Blk. Valley West. The fire was contained to room. The fire cause was intentional. The building and contents loss was valued at \$151,181 with a value saved of \$50,242,519. Mutual aid was provided by Blue Lake, Fieldbrook, Humboldt Bay, and Westhaven fire departments.

1/8/21 Structure Fire with fatality – Manila Carlson Drive. The fire involved a travel trailer, which was a total loss valued at \$3000. The cause was determined to be accidental. Mutual aid was provided by Samoa, Humboldt Bay, and Blue Lake fire departments.

December Overtime Hours - Career staff covered **423 hours** of OT to cover for minimum staffing levels for two stations.

Training Highlights – 35.5 hours of training that included EMS refresher, suppression techniques, search tactics, COVID training.

Maintenance -

U8206- PM Service and tire rotation

U8207- PM Service and tire rotation, tire pressure sensor repaired

U8209- PM Service and tire rotation, seat reclining handle replaced (in-house)

E8211- Electrical failures repaired, exhaust manifold leak repair, oil leak repair, PM Service

E8215- Coolant leak repaired, block heater repaired after electrical short, PM Service

E8216- Starter repaired, PM Service

E8239- Rear door latch repaired (in-house)

L8291- Major oil leak repaired, P0672 code addressed, Turbo repaired

R8274- Diesel Exhaust particulate filter replaced after failure (\$5000 warranty work), door seal gasket replaced, PM Service and tire rotation

Bauer Air Compressor- Kunkle Valves removed, shipped, rebuilt, certified, reinstalled

Monthly Administrative Report

Personnel Updates – Captain Walker's last day was January 31, bringing our vacancy count to four. It is anticipated that we will lose the other departing employee by next month. As of the time of this report, there have been six applications received for the open positions. The District utilized the Firefighter Candidate Testing Center (FCTC) as we have done with previous recruitments. FCTC provides us a list of eligible candidates that have passed the written and physical ability test. District staff emailed our application and job announcement to all candidates in northern California. In all, there were over 900 emails sent out. The application process closes February 19 with interviews expected to happen the first part of March.

Dispatch – No new information at time of report

2020 Annual Award – After a discussion with the L4981 and AVFA presidents, we agreed to restart the annual awards for 2020. This years' process will be different with respect to how the awardee was chosen. Both presidents will recommend a candidate from their represented group to the Chief for final approval. The District's admin team agreed on the Officer of the Year. Given that we are still in COVID restricted times there will be no awards ceremony, however, the individuals will be given the awards later this month, which will include a press release and photos.

Translator service – Staff has looked into a service to provide translation services. All the local law enforcement agencies use the same company. LanguageLine Solutions provides an on-demand (pay as needed) service that the District can use. We will have access to video or phone service that covers 240-languages, including American Sign Language. Staff will be working to install the program on all iPads carried in the field.

Mid-year budget review – We are still waiting on the County to close the FY2019/20 books. This has caused a delay in providing the District with two key documents. The first, a final accounting of FY19/20 revenues, and the second the initial disbursement record of the FY20/21 tax collection. With no access to this information, we are unable to complete the mid-year budget review. It is likely that this information will be received in the next week and we are tentatively scheduled for a Budget Committee meeting at

the end of February. The revised budget for FY20/21 will be brought back to the Board in March.

Community Update – The District was offered a spot in the MCSD 2021 Spring-Summer Newsletter & Activity Guide. Staff was able to prepare the following to be included in the document.

Hello friends and neighbors,

I am Justin McDonald, the Fire Chief of the Arcata Fire District. The District proudly serves the communities of McKinleyville, Manila, Bayside, Jacoby Creek, and Arcata. I would like to say thanks to MCSD for providing this opportunity to provide a fire District update to the community regarding the status of Measure F activities.

First, and most importantly, the District will not receive the funding from Measure F until January 2022. Although the new tax was approved during 2020, the current fiscal year tax bills had already been processed and sent out to the property owners in our District. This means that the tax could not be included in this fiscal year and the District will have to endure one more budget cycle of tight revenues.

A second reason I am grateful for this opportunity is to be able to inform the communities of the situation with reopening the third station. Due to our current low staffing levels, this process cannot be a quick one. Operationally, the District is short-staffed, and by March will have lost 1/3rd of our career firefighters to jobs elsewhere. Without enough firefighters to safely, or contractually, staff more engines, we cannot open the third station permanently. The District is in the process of an open recruitment to fill these vacant positions, intending to have new employees starting their training shifts by May. The Measure F funded recruitment will start July 2021, at the beginning of our new fiscal year. Expanding our operation to open the third station is not as simple as hiring an entry-level firefighter; we have vacancies in all ranks/positions of the organization that will also need to be filled. We will be conducting promotional exams concurrently with the recruitment of new firefighters. In addition to the time it takes to advertise and interview potential candidates, all new employees must go through a background check, health exam, and a new hire academy. This process can easily take six months to accomplish.

Finally, The District Board will be developing the Measure F "Citizens Review Committee." Once the parameters of the committee and selection process are settled, we will be looking for community members to participate in this oversight group.

Regular updates will be provided as new information becomes available. Please check our website and social media for these updates regarding our hiring process and any other information related to Measure F funding.

ARCATA VOLUNTEER FIREFIGHTERS Item 11.4 ASSOCIATION, INC.

2149 Central Avenue McKinleyville, California 95519 (707) 825-2000

Date: 2/9/2021 MONTHLY ACTIVITY REPORT
To: Board of Directors, Arcata Fire District
From: Arcata Volunteer Firefighters' Association

Mission: We exist to provide support, advocacy, and a social network for those volunteering to contribute to the mission of the Arcata Fire District.

Volunteering

- Volunteer hours of support for January were 60.1 hours. Some of the activities were as follows;
 - Over 6 hours on Grant activities in January.
 - Sophie and Rob conducted an 8-hour CPR class in Blue Lake
 - Dave W and Roy moved Logistic L8291 to the Arcata Station and transferred all the Logistic equipment to it from U8209 putting Logistic L8291 is back in service.
 - Rob, Dave W, Sophie, Valerie, and Roy responded to down powerlines on January 26th to control traffic and hazard protection, freeing up Suppression Crews to respond to other emergencies.

Grants

Recent Grants Activity

- The FEMA COVID-19 PPE grant was approved, the District will be getting reimbursed \$2994.94 for PPE, probably in Feb.
- Still working out details of which RIT/RIC packs to order, along with the battery-powered PPV fans, to utilize the \$27,600 grant from Simpson Foundation.
- Working on FEMA Assistance to Firefighters Grant (AFG). Will be applying for 50 portables, 20 mobile, 3 base stations, Total \$386K. Also, new extrication equipment for the Rescue truck and 3 engines, total approx. \$100K. Total request \$486k.
- Coast Central Credit Union Grant period opens 2/1, max. \$25K.

Membership

- Board member responsibilities and expectations were discussed review of the Bylaws which
 outline the various roles was reviewed and the Board concurred with the ability of various Board
 members to assist in the assigned activities.
- The Board member assignment for 2021 are;
 - Sally Lindke is Finance and Fundraising Chair,
 - o Dave Haller is Membership Chair,
 - Rob Cannon will take on the role of House Chair,
 - Rodney Nakamoto will continue as Secretary Treasure
 - o Dave White will continue as Board Vice President.
 - John Evenson and Jeff Schwartz will continue as 1st and 2nd VPs.

AVFA Properties

Graffiti and camping are an ongoing problem on the backside of the M street property. The Arcata PD has been notified. Also there always seems to be trash being dump in the back as well.

New Business

• Developing a process to issue Senior Exempt certificate to qualified volunteers that have had 20 years of active service. It was felt the need to recognizes long term commitment to the District.
